

Mohamed Abdul Fattah Abdelmounim (PhD MLS)

Assistant Professor of Clinical Chemistry. Consultant of Medical Laboratories.

EDUCATION

2013-2017 | Ph.D. in Medical Laboratory Sciences (Clinical Chemistry) Sudan University for Sciences & Technology

2007 | Higher Diploma in Research Methodology & Biostatistics

2003-2005 | M.Sc. in Medical Laboratory Sciences

(Clinical Chemistry) Sudan University for Sciences & Technology

2002-2003 | Qualifying year for master degree, Institute of Endemic Disease, Khartoum University

1997-2002 | B.Sc. in Medical Laboratory Sciences (Chemical Pathology) University of Medical Sciences and Technology

ACADEMIC EXPERIENCE

- ✓ Al khawarismi International College, UAE, Assistant professor of hematology and Immunohematology, Department of Health & Medical Science, Program of Medical Laboratory Analysis, 2021 up to date.
- ✓ King Saud bin Abdelaziz University for Health Sciences (KSAU-HS)
- ✓ College of Applied Medical Sciences, Clinical Laboratory Sciences program, CAMS, CLSP, Riyadh, KSA (Aug 2012 to 2021)
- ✓ Soliman Fakeeh College of Nursing & Medical Sciences (DSFCNM): Jeddah KSA from Feb.2010 to July 2012: as lecture in MLS program
- ✓ University of Medical Sciences and Technology: Khartoum-Sudan May 2005 to May 2009

Courses Taught

Biochemistry

Clinical Chemistry I

Clinical Chemistry II
Medical Terminology
Urinalysis and Body Fluids
Clinical Laboratory Instrument
Principle of Human Genetic

Non-Academic Experience

August 2005 to May 2009 Sanhoory Medical Center (Afternoon Part time Job)

May 2002 to May 2005: Academy Charity Hospital

Jan 2004 to March 2004: Carlton Medical Laboratory

Professional Development Activities

1. Introduction to Data Analytics: a Practical workshop, 7th May 2018
2. Assessment and Leadership in Health Professions Education seminar, 4 April 2018
3. Self-Evaluation Scale according to NCAAA, 24th April 2017
4. Problem-based learning, 17th of April, 2017
5. Blackboard training, 16th of April 2017
6. The Fundamental Principles of Assessment, 10th April 2017
7. Clinical Instructions, 24th of February 2017
8. Health Professions Conference, 28th January 2016
9. Self-Evaluation Scale according to NCAAA workshop, 19th January 2016
10. 1st Annual Conference of the Saudi Society for Clinical Chemistry, 5-6 December 2015
11. 5th Patient Safety Forum, 14-16 April 2015
12. ABC of Research, 4th of March 2015
13. EMS Scientific Day, 3rd February 2015
14. Annual Program Report According to NCAAA Standards, 7th of January 2015
15. 5th Saudi e-Health Conference 2014, 20th November 2014
16. Basic Life Support for Healthcare Providers, 29th October 2014
17. The ABC of Research, 13th of February 2014
18. Instructor for phlebotomy skills workshop, October 2013 to November 2013
19. Problem-based learning, 5th of November 2013
20. AMEER Conference 2013 Quality in Medical Education 'Assessment, Social Accountability and Accreditation' 8-10 April 2013
21. How to be An Effective Clinical Lecturer, 2nd October 2013

22. NCAAA, Why is it Important? Course and Field Experience Specification, 24th September 2013

23. NCAAA, Why is it Important? Program Specification. 24th September 2013
